Introduzione

3000 opportunità di esercitarsi nella grammatica inglese

Il *Grammar Spectrum Exercise Booster 3000* offre 3000 opportunità di esercitarsi nella grammatica inglese attraverso le tipologie di esercizi più adatte per gli studenti italiani.

Il libro è composto da 46 unità, ognuna delle quali presenta due pagine di esercizi per ogni argomento grammaticale.

Testo pensato per lo studente italiano

Il libro – strutturato sulla base di approfondite ricerche accademiche sui tipici errori dello studente italiano - propone un programma impostato a partire dalle specifiche necessità del discente e fornisce ulteriori esercizi sugli argomenti grammaticali più significativi per lo studente italiano.

Grammar Spectrum Exercise Booster 3000 offre la possibilità di esercitarsi nelle aree più importanti e negli argomenti più complessi della grammatica inglese trattati in New Grammar Spectrum for Italian Students 3e e Grammar Spectrum Essentials.

Tipologie di esercizi e certificazioni

Gli esercizi sono stati studiati appositamente per fornire quesiti che riguardano la forma e l'uso di strutture grammaticali fondamentali e sono stati costruiti per fissarne definitivamente l'apprendimento da parte dello studente.

Gli esercizi offrono la possibilità di un'estesa esercitazione controllata attraverso una notevole varietà di tipologie di esercizi comprese la trasformazione di frasi, la correzione di errori e la traduzione.

L' Exercise Booster 3000 offre ulteriori attività di preparazione per il PET e il FCE. Gli esercizi con il simbolo PET e FCE sono stati scritti nello stile delle prove d'esame, per far familiarizzare gli studenti con le tipologie di esercizi che saranno loro proposti in quelle sedi.

Gli esercizi sono di sicura utilità anche per gli studenti che non sosterranno gli esami PET e FCE e forniscono un'utile opportunità di esercitazione controllata.

Lessico scelto sulla base dell'Oxford 3000™

3000 si riferisce al numero di esercizi ma anche al lessico usato in *Grammar Spectrum Exercise Booster 3000*. Il lessico degli esercizi, infatti, è stato selezionato partendo dalle parole contenute nell'Oxford 3000™.

L'Oxford 3000TM è un elenco di parole chiave selezionate da un gruppo di esperti di linguistica e di docenti di lingua inglese con lunga esperienza di insegnamento. L'elenco contiene le parole cui occorre dare priorità nello studio del lessico per raggiungere una efficace comunicazione, e sono state scelte sulla base della frequenza, dell'importanza e dell'utilità.

L'Oxford 3000™ viene utilizzato anche per redigere le voci dei dizionari Oxford per studenti di lingua inglese.

Il lessico usato in *Grammar Spectrum Exercise Booster 3000* è sempre al livello adeguato all'argomento di grammatica trattato.

Ogni unità di *Grammar Spectrum Exercise Booster* 3000 contiene un esercizio *Vocabulary focus* incentrato su un particolare aspetto lessicale. Gli argomenti sui quali si basano gli esercizi *Vocabulary focus* sono quelli testati all'esame PET e al FCE.

Freya Thomas clears away the breakfast things, sit down again and waits for her teacher to arrive. She don't wear a school uniform, and the teacher doesn't say 'good morning' or take the register. It is her father, and she is the only student in the class. The kitchen is also her classroom.

Freya's father think home schooling is best for Freya, although her two younger brothers go to the local school. 'Freya needs individual attention,' he say.

Classes starts at nine and finish at three, like in a normal school. Then Freya sits down at her desk in her bedroom and does her homework. She studies six subjects – maths, Spanish, history, geography, English and science.

Do Freya enjoy school? 'I like the way my dad teaches me,' she says, 'We do fun things, like every Friday we go to the museum. But I learn the same things as everyone else, because I do the same exams as they does.'

D VOCABULARY FOCUS – entertainment

Leggi il testo e scrivi le domande sui Freezing Chimps usando le parole date.

The *Freezing Chimps* are one of the few bands to be successful in both the UK and the US. They formed five years ago at school, and immediately started doing gigs in local pubs. They made their first album, *Tea and Biscuits*, in just six weeks. Their lead guitarist Ray had the idea of putting the album on the Internet. Over 5,000 people downloaded it in the first week! Two months later, the title track of the album reached number one.

Two major record labels wanted to sign them, but they rejected the offers because they wanted to stay in control of their lives. They've just released a single, *Sitting on the sofa*, from their second album, which is coming out next week. 'Our bass player, Lee, wrote this one, 'says lead singer Rick, 'but we all write music. I write all the lyrics, though.'

The band's members have changed since they started. The original bass player left just before they became successful, and their new drummer Tony auditioned only last month. So what are their plans? 'We're playing at festivals around Europe in the summer, and after that we're going on tour in the US,' says Rick.

People said they didn't want it too spicy, so I didn't put much chilli in – it's the <u>chilli</u> that makes it hot. ⁸ I gave a whole chilli to <u>Zak</u>, ⁹ though, because he wanted it spicy. Walking into the room we noticed sports socks on the floor. On the wall there was a timetable of trains to London. Underneath this, on the mantelpiece, was a framed photograph of a pretty girl, about 18-years-old. There was a bicycle pump on the window sill. I noticed that the armchair had several small burns on the right arm. There wasn't much in the bathroom, just an unused razor and, in the medicine cabinet, about twenty different bottles of pills. Looking in the bedroom, I saw there was a Russian dictionary on the shelf. In the wardrobe was a tennis racket. In the kitchen cupboard there was a pair of binoculars. #### **E VOCABULARY FOCUS** – travel

Leggi questo rapporto su un incidente avvenuto ad una macchina. Scrivi delle frasi con le parole date su come si sarebbe potuto evitare l'incidente.

The car driver was lucky not to have been injured when he crashed into the bus stop. This is because he was wearing a seat belt. It was raining, so visibility was poor. He was 20 kph over the speed limit, so he couldn't stop for the pedestrian. In addition to this, the car did not have the correct tyres, which meant his stopping distance was greater than normal. His reactions were slow because he was looking at his CD player when the accident happened. He didn't have both hands on the steering wheel, so he couldn't avoid the pedestrian without crashing. He didn't get a prison sentence because he passed a breath test.
